

# *Martin's Flowers*

## AT THE PINEHILLS

The selections of flowers are many! However if you have an idea on the look and style you are looking for we at Martin's Flowers can help you with the selection. It is important not to get overwhelmed with these selections. Use this as a guide to narrow in on your final choice.

**Bridal Pink** - Bright pink rose.

**Candia** - Creamy white with dark pink edges to the petals.

**Champaign** - A creamy, antique ivory colored rose.

**Darling** - A creamy peach rose.

**Delores** - A soft pink rose.

**Jacaranda** - A hot pink rose.

**Lady Diana** - A pale peach rose.

**Jacqueline Kennedy** - A rather small true red rose.

**Madame Delbard** - A rich velvety red French rose.

**Sterling Silver** - A small lavender rose.

**Sonia** - A bright peach rose.

### **Orchids**

**Catlaya** - Usually white with shades of pink or lavender in the center of each petal. These are larger than other orchids.

**Cymbidium** - Smaller than Japhet orchids with a curly edge only at the center.

**Dendrobium** - Miniature orchids that come in sprays.

**Japhet** - Large orchids with a curly edge all over. They often have yellow throats.

**Phalaenopsis** - Round-edged orchids that are white with reddish throats.

**Spray Orchids** - Long spikes covered with tiny orchid-like flowers. These are very expensive and are available in winter.

### **Lillies**

**Calla** - Very large, long white flowers on thick stalks.

**Day Lilies** - Usually in shades of cream, orange, red, and yellow with a variety of stem lengths.

**Lily of the Valley** - Small white blooms that look like tiny bells.

**Rubrim** - Star flowers that come in a variety of colors.

**Zephyr Lily** - Smaller than most lilies. It is available in white, yellow and shades of pink.

## **Others**

**Alstroemeria Lilies** - Miniature lilies that come in a variety of colors.

**Amaryllis** - Available in deep red and white. Shaped similar to a lily with a long stem.

**Anemones** - Shaped similar to poppies and available in white, blue, red violet, and yellow.

**Anthuriums** - A true red flower with a heart-shaped bloom and a large stamen.

**Asters** - Usually available in white, pink, rose and purple.

**Baby's Breath** - Fine, delicate, tiny flowers that are usually white.

**Bachelor Buttons** - These look like tiny carnations and are available in white, pink, red or blue.

**Canterbury Bells** - Shaped like little bells and are usually blue, purple or pink.

**Carnations** - This commonly known flower is usually inexpensive, comes in a variety of colors and is available year round.

**Chrysanthemums** - Available in white, yellow, and red. They come in many shapes and sizes.

**Daffodils** - A pretty and common flower that is available in many colors.

**Daisy** - A popular flower that is similar to but smaller than a chrysanthemum. It is usually white or yellow with a yellow center.

**Delphinium** - Long spikes of flowers with lacy foliage. Usually available in white, rose, lavender or blue.

**Forget-me-not** - A very pretty dainty blue flower with a yellow or white center.

**Freesia** - A small delicate flower that comes in white, yellow, pink, orange, lavender and red.

**Gardenia** - A pretty white flower with dark green leaves.

**Gerbera Daisies** - Giant versions of common daisies that come in a variety of colors.

**Gladiolus** - Long stalked flowers covered in bright blooms ranging in color from white to red.

**Iris** - Long stalks that have large petals, two of which drop down a little. Available in white, blue, violet, yellow and orange.

**Lilac** - Stalks with many tiny white or lavender flowers.

**Ranunculus** - A rose look-a-like but much less expensive. It comes in reds, pinks and yellows.

**Statice** - Bunches of tiny white or purple blossoms.

**Stephanotis** - Small, white trumpet-shaped flowers which grow on vines.

**Straw Flowers** - Straw-like petals that are shaped like daisies. Available in white, yellow, orange or red.

**Violets** - Tiny flowers that are available in white, blue and purple.
